

Perfect pool & spa temperature
365 days a year

RHEEM THERMAL

YOUR RHEEM THERMAL HEAT PUMP
IS NOW **WI-FI READY**
WITH THE NEW AQUATEK!

Control your pool and spa heating from the palm of your hand.

Simply download the AQUATEK app on your smartphone to manage all your pool and spa heating requirements.

AQUATEK uses state of the art technology to control all the features of your Rheem Thermal heat pump and/or Raypak gas heater.

AQUATEK can also control:

- single speed pumps
- variable speed pumps
- sanitiser
- solar heating
- lights
- water features
- pool/spa valve actuators
- all spa equipment requirements

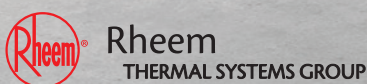

AQUATEK: SMARTER, EASIER POOL CONTROL
